

## DOMAINE DE MONTROCHE COSTIÈRES DE NÎMES Rosé - RESERVE SPECIALE

The Louis Bernard Winery, based in Gigondas, France, was founded in 1976 in the heart of the Rhône Valley and its renowned Crus. Over the past 20 years, we have established close partnerships with more than 20 respected vineyard owners.

Our wines follow this essential principle: quality depends above all on the selection and maturity of the fruit. With that principle in mind and our know-how, we strive to make wines that reveal the potential of their terroirs.

Costières de Nîmes can be described as the most southerly appellation of the Rhone Valley. Nîmes is famous for its Roman ruins which prove the presence of the Romans who were the first to introduce wine growing BC. An exceptional micro-climate surrounding the vineyards provides sunshine and moderate rain, ideal conditions for constant quality and maturation of the grapes for each vintage.

The vineyard of **Domaine de Montroche**, located in the South of France, near Camargue, benefits from sandy and stony soils. It has belonged to the Dufoix family for several generations.

**Grape varieties :** Mainly black Grenache along with Syrah.

**Winemaking :** Harvest of the grapes at the cooler hours of the day to preserve the flavours of the fruit. Sorting, pressing. Cold settling. Fermentation at low temperature 15-16 °C for 2 to 3 weeks.

**Tasting notes:** Dressed in a beautiful clear pink dress, this rosé wine has aromas of white fruit with floral notes (acacia). It offers roundness on the palate with a nice finish, on the fruit.

**Serving suggestion :** Best served chilled at 10°C, ideally in the year following the harvest to enjoy all its rich flavours. Lively and luscious, fruity and refreshing, a wine for relaxing moments.

Enjoy it whatever the season!

**Food pairing :** Excellent as an aperitif, with starters, grilled fish or meat, mixed salads, vegetable pies, pizzas, spicy dishes such as paëlla or Provençal dishes as anchovy.
